On-screen graphics:
Nium logo animation

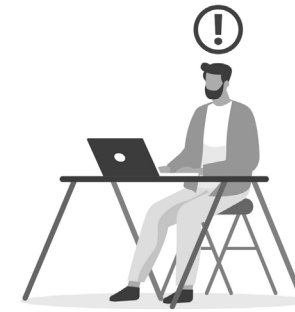

2

Voiceover:
Paying suppliers, remote employees and service providers is complex, especially at global scale.

On-screen text:
eLearning, eCommerce, Content Providers,
Gig Economy, Marketplaces

On-screen graphics:
Animation to show business sending money to people all over the world. Complex and messy. Dollar, Euro, Rupee, Philippines Pesos, Brazilian real and Chinese yuan being transferred all over.

3

Voiceover:
Dispersed payees make it hard to control cost and complexity across multiple countries and currencies.

On-screen text:

On-screen graphics:
Currency icons disappear and exclamation icons appear around the globe. We zoom to one of them into unhappy person. Security, Paper money and Time icons swirl around their head.

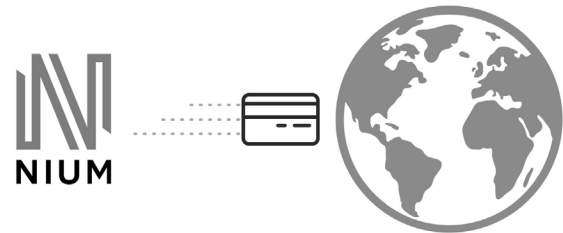

4

Voiceover:
Payees also grow frustrated when they have to pay fees or have limited access to their money.

On-screen text:

On-screen graphics:
Zoom out slightly and financial icons begin circling around with the "no" symbol around them.

5

Voiceover:
Nium simplifies these cross-border payouts. Our solution is powered by our global connectivity to banks, cards and cash pickup locations

On-screen text:

On-screen graphics:
Nium logo pop up, then Animation of card icons coming out of logo and dispersing across the screen around the world
